RE: Corrections to Status Report # 2 for the RRG/Clayton Chemical Company Site

In completing a review of the Status Report that was submitted on December 31, 2005 to United States Environmental Protection Agency (U.S. EPA) for the Site the following errors and/or omissions were noted:

- In Section 1.2 of the report (last sentence of the first paragraph), the weekly report for December 12 through 16, 2005 was incorrectly referenced as Appendix D of the report. The correct reference for this report is Appendix B;
- The Sample Log referenced in Section 3.0 for the AST samples that were collected during the week of December 12, 2005 was not included in the appendix. A copy of that log is enclosed with this Correction Memorandum;
- In the List of Attachments at the end of the report, the weekly report for December 26 through 28, 2005 was incorrectly referenced as Appendix E. The correct reference is Appendix D.

Attachments: AST Sample Log
